**Mullet's Aluminum Awarded Window Replacement Contract**

**SARASOTA, FL, March 13, 2008** – After a thorough market analysis, Mullet's Aluminum Products, Inc. – a PGT Platinum dealer based in Sarasota, FL - was selected to replace 831 awning windows at Costa Brava Condominiums in Venice, FL with PGT Industries impact resistant window product to strengthen the exterior envelope of the buildings and provide occupants with maximum wind-storm protection.

“The added hurricane protection and impact resistance of the PGT window products are well documented and a given.” says Jay Coblentz, Director for Mullet's Aluminum.

“However, along with the instant updating of the Costa Brava condominiums, the smooth operations of the new window units and significant reduction in outside noise will be the first things that unit owners immediately notice. Added energy benefits and increased security will also be another long-term benefit of installing PGT's impact window product.”

Founded in 1978 by Freeman and Sandi Mullet, Mullet's Aluminum is an award winning company and Southwest Florida's premier source for quality building products and superior installation services to the residential, condominium and commercial markets. The company has 155 employees and 5 business divisions; Windows & Doors Division; Metal Roofing Division; Pool Cages & Enclosures Division; Railing, Gates & Fencing Division; and Gutters, Siding & Soffit Division. Mullet's Aluminum is a privately held company with corporate headquarters, manufacturing and fabrication facilities located in Sarasota, FL.
