## **Mullet's Aluminum Products, Inc. Receives Award of Excellence**

***Sarasota, FL*** - For the 5<sup>th</sup> consecutive year in a row, Mullet's Aluminum Products, Inc. was presented the prestigious Aluminum Association of Florida's 2011 Award of Excellence in 3 out of categories at the organizations annual Aluminum, Hurricane & Home Improvement tradeshow and conference held at Mystic Dunes Resort in Celebration, FL on Friday and Saturday, November 11 - 12, 2011.

The awards represent the highest standards in overall project quality and craftsmanship within the aluminum and glass industry in the State of Florida.

The three (3) awards were for fabricated products and scopes of work completed by Mullet's Aluminum at the new Palm Avenue Parking Garage.

The first Award of Excellence was in the Miscellaneous Metals category. This award was in recognition of the perforated aluminum "sails" and truss system that surrounds the exterior of the facility on three (3) sides of the parking garage.

The second Award of Excellence was in the Railing category. This award was in recognition of the fully welded, perforated aluminum panel railing system located in the primary foyer and the fully welded aluminum railing systems located in the exit stairways throughout the facility.

And the 3<sup>rd</sup> and final Award of Excellence was in the Canopies, Walkway Covers & Carports category. This award was in recognition of the large glass canopies that were installed over the pedestrian walkways.

In October, the Palm Avenue Parking Garage also received an Award of Merit in the Transportation category in ENR Magazine Southeast's annual *Best Projects of 2011*. These awards celebrate and honor the building teams that created the best projects of 2011. Categories awarded range from Best Commercial Project to Best Highway Project. This 280,000 square foot project was designed for the City of Sarasota by Jonathan Parks Architects and the General Contractor was Suffolk Construction.
