Safety Compliance

The safety of our employees, customers and other trade personnel is extremely important to Mullet's Aluminum Products, Inc. We are very proactive in our approach to employee safety training – and in particular – for active jobsite locations.

Mullet's Aluminum is a Drug-Free work place with a zero tolerance policy. All applicants are required to undergo drug screening prior to employment and are subject to random testing throughout their employment with the company. And, many of our personnel have successfully completed 10 & 30 hour OSHA training and certification.

Our goal is to provide a safe work environment and the best safety training possible for our employees. The net result for our customers is skilled personnel who practice jobsite safety.
